Subject: SECURITY COUNCIL: RWANDA

Presidential statement (S/PRST/1994/16) adopted in formal Council session tonight after briefing from Gharakhan follows. Events are unfolding rapidly, we now know for example that 11 Belgian peacekeepers have been killed. You will see from media reports that prominent members of the government have been killed with absolutely no government in control. There is total chaos in Kigali and significant fears for UN personnel, civilian population and the foreign community.
