Subject: Response to an information letter referring to Mr. Sebutalinyoni's behavior.
(Letter No 441)
Response on 22/6/94 (No 01)

Dear Sir,

After having received the copy of the letter, written to you by the *conseiller* of Gisovu *secteur* Nyilindekwe Aaran wherein he informed you about Mr. Sebutalinyoni's behavior and the means he used to be trained on how to use a gun after having negotiated to get attestation from another place where he does not live; we realized that his trick aim at something. We, therefore, decided to stop him from being trained. We think we are right to do so. Instead the *conseiller* who accepted to give him that attestation and to put a stamp on it. did a bad thing, like any one else would act like him.

N.B. On the days he came, we had not started important lessons so, he cannot do any harm.

Thank you for the pieces of information which are good and efficient for our job.

SUGGESTION: What you see and for which you have proof. what can we do if attestations are not ver important ?
